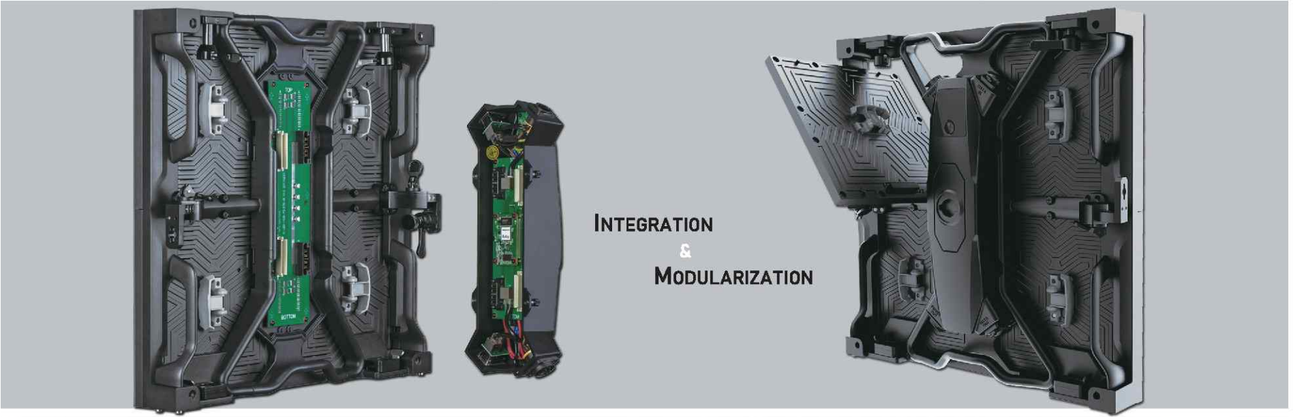
X Panel series

The new straight video display solution for Events & Ads



INTEGRATION
&
MODULARIZATION

Highly integrated design

The power supply and control card are integrated in the systrm box,for more stable performance.

Advanced modular design

The module,system box and panel frame are all independent,between which the wireless connection is for convenient and rapid maintenance.

The panel structure(die-cast aluminum)is very strong and sturdy,giving a better handfeel and having better durability
